THEIR DUTIES ARE INCREASED

Board of Election Commissioners Will Canvass Vote After Election.

New Law Provides That the Clerk of Court Shall be Clerk of Commission.

One of the laws passed by the recent legislature constitutes the Board of Election Commissioners in each county and a city Board of Election Commissioners to canvass the vote after an election. The vote of the township is to be canvassed as heretofore, except in townships having more than ten precincts, where the County Boards shall act. The clerk of the court shall be clerk of the board, but it may employ additional clerks, not more than half being of the same political party. These clerks are to receive pay not more than 50 cents an hour from the public funds.

The Board shall tabulate the vote and make a signed statement of the result, which shall be open to the inspection of any legal voter. In case of a tie vote the Board shall declare that no person was elected, and notify the proper officers to provide for filling the vacancy. Election papers shall not be rejected for want of form, not at all if certified by the Election Board and returned by the inspector or one of the judges. Witnesses may be examined under oath, and the Board compel the attendance of witnesses and production of papers by calling, on a court or judge to punish for contempt. Disputes between members of the Board shall be certified to the circuit court for summary decision, his ruling being final as regards the action of the board of canvassers. The county or city clerk must keep his office open till the certificates, lists of voters and tally papers have been received from all precincts, if it takes all night.

"No name on any petition for nomination shall be considered by the City or County Board of Election Commissioners unless the same be signed by the petitioner in person or by his mark, duly attested, and no petition for nomination shall be effectual to authorize the name petitioned for to appear upon the official ballot unless the signatures of such petition to the number required by law shall be duly acknowledged before some officer."

A BABY BOY SHOOTS SISTER

Infant Causes a Probable Fatal Wound While Playing With Revolver.

The little hamlet of Quakertown, southwest of Connersville, was the scene of a tragedy late Friday evening and a young girl, Miss Minnie Brandenburg, 15 years old, lies at the point of death as the result of a bullet wound, caused by her little four-year-old brother.

The children were playing in the house when the boy discovered a gun that had been left on a table a few minutes before by his father. Taking it up and aiming at the unfortunate girl he shouted: "Look out, sister," and pulled the trigger.

The bullet entered the child's right side below the ribs and was afterwards removed by physicians from near the breast bone, where it had lodged. The little girl was in a critical condition and but little hopes are entertained for her recovery.

Too Much Morphine.

Evansville, Ind., April 3.—Albert Muehlenbruch, aged sixty-five years, who was out of work and despondent, took an overdose of morphine and cannot recover.

PLOWING BALL GROUNDS

Preparatory to Leveling off the Diamond at South Main Street Park.

At the South Main street park these days the cheery voice of Windy Morgan may be heard above the other workmen thus: "Haw Bill! Gee Tom! Whoa there! Easy now! Get up there Bill!"

It is all occasioned by the fact that several teams and a force of men were actively engaged in ploughing up the base ball park, preparatory to getting the grounds in tip-top order for the grand opening of the season on April 12th. The work will be pushed along rapidly now and the grounds will be the fastest in the league circuit.

The little mound just south of the short stop position is being cut down and the dirt used to level up the diamond. President Geraghty proposes to have it in best shape and immediately after the rain the diamond will be repeatedly rolled, scraped and dragged until it is as smooth and level as a floor.

FEARFUL GAS EXPLOSION

Twenty Miners Killed and Eighteen Wounded at Zeigler, Illinois.

(Special to the Republican)

Carbondale, Ill., April 3.—A report from Zeigler, Illinois, sixteen miles from here, says that a fearful gas explosion took place in the Joseph Leiter's coal mine, and that twenty miners were killed and eighteen wounded.

WARM SUMMER IS PREDICTED

Dust From Mont Pelee Has Diffused and Sun May Shine Hotter.

"If it be true that dust diffused through the atmosphere of the earth by the Mount Pelee and other recent volcanic eruptions caused the cold weather conditions that have prevailed for the past two years, I think that the prospects are now for increasing warmth," said Prof. Jermain G. Porter, director of the Cincinnati Conservatory.

"It is certain that for the last two years we have had weather cooler than normal, and the theory has been advanced that the dust I speak of has prevented the sun radiation from reaching the earth as freely as it usually does.

"If this is the case, the dust being now about settled, I think normal weather conditions should be due.

"The sun spots, however, which have attracted so much attention from scientists of late, may, by affecting the atmosphere of the sun, affect our weather conditions, and if such be the case the present conditions will continue.

"Just now we are passing through the maximum sun-spot period and will continue so for two or three years.

"It is sometimes thought that these are the causes of the cold weather. None of these theories can be definitely proved, however, and the real cause may not be known.

"So you see that if the volcanic dust be the case we will probably have a return of the normal conditions, but if it is the sun spots that are the cause we will probably witness a continuance of the conditions that have prevailed for the last two years.

"At present it seems as though we were going to have a warm summer."

A PECULIAR PREDICAMENT

Florists Who Have Early Flowers are Not Altogether Happy.

Forward Season Brings Forth Bulk of Flowers Before Day They are Needed

The florists are not altogether happy. The season has been unusually forward and Easter coming late in this year's calendar, a large quantity of blooms have developed early, many of which will be ready for sale before Easter arrives. Among the flowers that have thus been forced ahead of their time are tulips and hyacinths. There will be some of these left for Easter, but not the usual abundance.

Nevertheless there will be plenty of blooms for Easter, for, while a few arrive too early, owing to the warm weather, others will come soon enough before their time to replace the lacking ones. The selections will be different, that is all, and there will be no material difference in the prices as compared with those of last year.

Among the Easter flowers first to be named, of course, are the lilies, of which there will be no lack, and all of superior quality, the bulbs of last year having been of marked excellence and vigor. Next will come carnations, jonquils, daffodils, mignonettes, forget-me-nots, hydrangeas, spiraeas, crimson rambler roses and many other roses. Lilies of the valley are brought into bloom all the year round by florists, and they are now abundant.

As Easter comes late, there will be plenty of roses in bloom. Among the fine pot plants will be the rhododendrons, azaleas, Scotch heather, Marguerites, oclamen and lilacs. The stock of violets will be scanty, owing to the lateness of Easter. This deficiency will be relieved by the over sufficiency of pansies and sweet peas. There will be no lack of bedding plants ready for the earth as soon as frost danger is passed. Among the bedding plants may be named ageratum, geraniums in many varieties, heliotropes, fuschias, coleas, lobelias and hardy roses.

THE SMALL POX IS WIPED OUT

Patients at College Corner are Almost Well Again and Will be Out Soon.

Concerning the smallpox which broke out in College Corner several weeks ago, the News of that city has the following to say:

The smallpox in College Corner is almost a thing of the past, and it is believed there will be no new developments. The patients are as well as could be expected and will be out in a few days if nothing happens to give them a setback. Our people can now breathe easier.

AFFRAY AT LINTON

Linton, Ind., April 3.—When Oscar Steele, thirty years old, while in a drunken condition attacked Edward Graves, eighteen years old, with a knife the latter drew a revolver and shot Steele. The two men are miners employed in the Victoria mine. The wounded man's windpipe is severed and physicians say he can not live.

Child Burns to Death.

Richmond, Ind., April 3.—The three-year-old child of Edward Riley, until a short time ago a resident of Richmond, was burned to death at Xenia, Ohio. The child's clothing caught fire from a gasoline stove. Riley is a brakeman on the Pennsylvania railroad.

FRENZIED FINANCE

Knightstown City Council Does a Stunt That is Stupefying.

Knightstown Banner.

For rapid fire, frenzied financial transactions, Tom Lawson should be referred to the Knightstown city council. At the last meeting the council paid off \$1500 due on the hospital to Charles Owens; then borrowed \$3000 back of Mr. Owens; then paid the Citizens bank \$3000 on a \$4000 debt standing since 1901, at a rate of 6 per cent interest. The rate of interest on the \$3000 borrowed of Mr. Owens is 4 per cent. Now if the town borrowed \$3000 of Owens at 4 per cent, and paid back a \$3000 debt at 6 per cent and paid off a hospital debt of \$1500, how old is Ann?

STRUCK A LOG AND EXPLODED

Rifle in Hands of Frank Everts of Fayette County, Shot Him in the Hand.

Frank Everts, a young colored man, of Waterloo township, Fayette county, had his right hand badly lacerated Friday afternoon while out hunting, by the rifle he carried with him exploding.

Everts explains the accident by saying he was carrying the gun carelessly and that it struck against a log which caused it to explode. The bones of the hand were badly crushed and there was a very bad flesh wound.

The unfortunate man was attended by Dr. J. A. Smith, of Brownsville, assisted by Drs. Gordon and Dale, of Alquina, and for some time it looked as if the hand must be amputated. Everts fought strenuously against losing the hand, saying he would just as soon lose his head and that the loss of the member would be a catastrophe he could not sustain.

LARGE CROWD AT BALL PARK

Rushville Team Holds a Good Practice—Men to Report This Week.

That considerable interest is being manifested in the new base ball league, was evidenced by the fact that some two hundred fans were out to the ball park Sunday afternoon to watch the ball practice. Among the league players out were catcher Morgan, pitchers Ruby and McCord, third baseman Herald, short stop Carter, and second baseman Stubblefield (captain-manager) and first baseman Peary. Cullin, an Indianapolis player, who has played at third base in this city with the People's Outfitting and other teams and who formerly caught for the Manual Training high school team at Indianapolis, was out in uniform and showed up in good oom. Cullin wants a berth on the local club and he may be given a chance at an infield position. Manager Stubblefield wrote today to several of the players and he says they will all be here by Saturday.

GRUESOME CATCH

Lafayette, Ind., April 3.—While fishing in the Wabash river a few miles above this city Charles Merica of Delphi felt his hook catch something heavy and dragging the object ashore found it to be a human body. It was soon after identified as the remains of Barney Hopkins, a Delphi young man, who leaped into the Wabash from the railroad bridge in Pittsburg, Carroll county, on the evening of March 1.

THE INSPECTOR HAS RESIGNED

Startling Disclosure Made in Connection With Storey Cotton Company.

All Off With Holden When Defunct Comany's Books Were Opened.

Philadelphia, April 3.—George C. Holden, the inspector in the United States postal service, attached to the Philadelphia inspection division, who admitted Saturday that the Storey Cotton company, most of whose officers are fugitives from justice, advanced \$1,100 to him as a loan for a few days, has sent his resignation to Washington. Holden declares that he received the money and paid it back a few days later without any understanding or agreement with the Storey Cotton company that he was to protect the concern against investigation by the postoffice department. He however admitted that in accepting the loan from that concern, he was indiscreet, and thought it best, in view of the revelations in the case, to send his resignation to the postal authorities at Washington.

A record of the loan was found while Assistant United States District Attorneys Stewart and Swartley of this city were making an examination of the books of the defunct concern for the purpose of getting further evidence against Stanley Francis, who is under arrest charged with being an officer of the Storey concern. Holden was present when the discovery was made.

When the entry was shown to Holden he was greatly surprised to find that it had been entered on the books. His explanation at the time was that it was a personal loan.

The matter was immediately reported to W. W. Dickson, inspector in charge of the local division, who in turn communicated the facts to the chief inspector at Washington. By direction of Postmaster General Cortelyou, Inspector Mayer of the New York division has been sent here and is making an investigation of Holden's connection with the Storey Cotton company. He declines to discuss the case in any way.

Holden says that it was a personal loan from F. Ewart Storey, and he believes that the item was placed on the books to do him injury. Since the loan was made, he says, he has sent three separate reports to Washington recommending that fraud orders be issued against the Storey concern.

The Philadelphia Record today says that Inspector Holden declares that Harrison J. Barrett, formerly of the department of justice, Washington, and nephew of the late James Tyner, who was involved in the postoffice scandals, was the attorney for the Storey Cotton company while he was actually connected with the department of justice. Asked if it was true, as Holden contends, that Barrett was responsible for the failure of the postoffice department to issue a fraud order against the Storey company and that he was their lawyer, U. S. Assistant District Attorney Stewart said: "I can only say the investigation into the Storey affairs and the discovery of certain papers seems to partially bear out that contention. I know what he got."

IS VENUED TO RUSH COUNTY

Noted Manlove Will Case at Connersville Will be Tried Here.

(Connersville News.)

C. F. Lamberson and Hyatt L. Frost, executors of the estate of Mrs. Margaret Manlove and defendants in the noted will case, in which Geo. Manlove, John L. Manlove and others are plaintiffs, applied to Judge Gray Saturday afternoon for a change of venue in the case. The change was granted and the case sent to Rush county for trial.

COAL MINES MERGED

The Big Deal Has Taken Place in the Terre Haute Fields.

Terre Haute, Ind., April 3.—The largest combination of mining interests in Indiana since the Deering deal was made when the New Pittsburg, Shelburn, Alum Cave, Gilmore, Green Hill, Citizens' Forest Hill and Indiana Hocking mines, owned by a company headed by J. K. Seifert of Chicago, turned over to the Indiana Southern Coal Co., D. W. Cummings of Chicago president. It is understood that the consideration is in the neighborhood of \$2,000,000.

Seifert and J. T. Gilmour of Terre Haute sold their interests to the Indiana Southern company, and afterward took stock in the company. Seifert will be general manager of the company and Gilmour general superintendent. John R. Walsh is said to be back of the deal.

The deal had been under way for some time before it was consummated, and it is said that this is merely the beginning and that the combine will be even greater than the Deering company.

CHAS. E. AMSDEM MAKES A DENIAL

He Says that He is Not Trying to Cover Up the Evidence.

There was a rumor afloat Saturday afternoon at Shelbyville that C. E. Amsden, ex-secretary of the Shelby County Agricultural Association with his attorneys is making every effort to pay off all the alleged fraudulent claims that turned up during the recent investigation, amounting to over \$3000, thereby securing the warrants to prevent them from being used as evidence against Amsden in the grand jury room.

Amsden was found in his attorneys' office and when asked in regard to the report said that it was untrue. He also said that he had offered to post a sum of money as a guarantee of good faith and go into a general investigation of the books and warrants during his term as secretary, the money posted to make good any discrepancy that might occur that he could not account for.

To this the committee and attorneys for the association refused. Judge Sparks issued an attachment for one member of the investigating committee who failed to appear before the grand jury, his plea being that he had not been legally subpoenaed. After a full explanation the Judge accepted his excuses and dismissed him.

CHURCH NEWS

Rev. W. W. Sniff will conduct services at the Heavenly Recruit church tonight.

The C. W. B. M. meets Wednesday afternoon with Miss Alice Norris, on North Morgan street.

The regular meeting of the Band of Workers of the First Presbyterian church will be held Wednesday afternoon with Mrs. W. A. Cullen.

In anticipation of Easter Rev. W. W. Sniff will hold special services at the Main Street Christian church for a week closing Easter Sunday.

Rev. W. N. Thorpe, of Liberty, conducted the services Sunday at the Lick Creek Baptist church.

Alva Hungerford is this new superintendent of the reorganized Sunday school at Little Flatrock Christian church.

The official board of the United Presbyterian church was in conference with an architect today regarding plans for the new church.

The executive committee of the County Sunday School Association held a meeting Saturday afternoon in the assembly room at the court house and fixed the program for the convention. The date upon which the convention is to be held has not yet been decided upon.

A GENERAL OBSERVANCE

The Governor Urges a General Recognition of the Two Arbor Days.

Friday April 21 and Friday Oct. 20 are Designated as Indiana Arbor Days.

Indianapolis, Ind., April 3.—Governor Hanly has issued a proclamation in which he designates Friday, April 21, and Friday Oct. 20, as Arbor Days. In his proclamation the governor sets forth that it is the duty of every citizen of the commonwealth of Indiana to help restore in some measure the almost limitless and inexhaustible forest which once covered the state.

In his proclamation the governor says: "Believing that systematic and persistent effort will restore in some measure the all but inexhaustible and limitless forest which once covered the larger portion of the area of this commonwealth, but which is now gone, I hereby proclaim these days to be observed throughout the state by the planting of trees and shrubs upon the grounds about all public buildings and public institutions, and upon the public highways, as well as upon grounds about private homes, for their adornment and beautification. By so doing we will add to the beauty, the wealth and the resources of the state and to our own culture and happiness."

Closing of School

School No. 10, Rushville township, closed Friday, March 31st, after a most successful term. About eleven o'clock, the patrons of the school arrived with well filled baskets and in a few moments, the school teacher and pupils were seated at two large tables, which were loaded to overflowing, with an abundance of dinner and good cheer.

After dinner the school teacher rang the bell, and a short but excellent program followed, after which the teacher distributed souvenirs and rolls of honor, there being five pupils who were neither tardy nor absent during the term.

About four o'clock the pupils bid their kind and loving teacher farewell and departed for their happy homes. The teacher, Miss Reba Mahin, is a highly respected and model teacher.

One Who Was There.

BY THE WAYSIDE

"The happiest man in the world," said a citizen today, "is the common, every day chap who makes his own living, pays his bills, has a little money as he goes along but doesn't strive to get a corner on the local output, and is a slave neither to ambition or society. He loves his God and his fellowman, thinks 'there is no place like home,' the haven of rest, prefers the company of his wife and children to that of any one else, never has to sit up at night to poltice up his conscience, believes in the doctrine of live and let live, and when he encounters one of the needy he doesn't stutter with his pocket book. The plain man is happy because he is satisfied and does not spend the best of his life yearning for things four sizes too large for him."

TOO MUCH CIVIL SERVICE

Congressman Watson Has His Views
on This Subject.

Indianapolis, Ind., April 3.—Congressman "Jim" Watson of the old burnt district is an enemy of civil service and may introduce a bill at the coming session to limit or abolish it. He does not believe that any great good accrues to the government by placing so many thousands of its employees under civil service. He holds that it makes the average employee too independent in that he feels that his position is so secure that he doesn't have to answer to anyone directly. Mr. Watson would make every employee answer to the head of the department and would provide that the latter be responsible for the character of work performed. He would also provide that no one should be appointed to any position until after he demonstrated by ninety days' service his fitness. In this way he thinks that a good man could be secured as under the civil service. Mr. Watson is sure

that if the right kind of an opportu-
nity is made civil service can be abo-
lished or greatly limited. He will try
to have the matter pretty thoroughly
discussed during the coming session.

It is said that Chairman Ed Logsdon
and other local politicians who were
members of the Bookwalter machine
in the hey-day of its glory are respon-
sible for Captain New's mayoralty
boom. An interesting phase of the
situation is that Logsdon should be
trying to get Captain New to become
a candidate whereas two years ago
he called a "snap" convention which
prevented the anti-Bookwalter crowd
from inducing New to enter the race
against Bookwalter. It is conceded
that if Logsdon can get New to be-
come a candidate against his former
chief that he will have taken a long
step towards winning out as it is ad-
mitted that New would be a powerful
factor. Many believe, in fact, that
he would be nominated almost unani-
mously if he should announce his
candidacy as there is a desire among
Republicans generally for a new deal.
But up to this time New has not shown
any desire to become a candidate for
the office. His friends believe he has
hopes of being elected Republican na-
tional chairman in 1908 which would
probably deter him from becoming a
candidate for mayor.

It is rumored that John McCordle
of New Richmond, had a hand in
making the appointment of C. B. Riley
of Rushville as secretary, a position
paying \$2,500 a year. In fact, if it had
not been for McCordle, Riley would
probably not have been appointed as
he was not the favorite of Union B.
Hunt or the governor. McCordle, how-
ever, insisted on the appointment of
Riley and the governor was under
such lasting obligations to him for his
share of the work of bringing about
his nomination that he landed his
man ahead of a strong field of appli-
cants. McCordle, it is said, was sorely
disappointed because he was not ap-
pointed as a member of the commis-
sion. It is said that the governor at
the start thought seriously of giving
him one of the positions but he had to
drop him when he determined that the
three members should be attorneys.

Perry S. Heath for many years a
luminous figure in national politics is
about to become an Indiana farmer.
Relatives of his near Noblesville are
in receipt of a letter from him from
Paris saying that he and Mrs. Heath
will return to this country soon and
will probably spend the summer in In-
diana on a Hamilton county farm. It
is intimated that he may buy a fine
farm here and retire from active busi-
ness. Heath has never resided for
any length of time in Indiana since
he was appointed to public service but
it has been understood that he is
anxious to return to the state for
permanent residence.

Indiana Man in the Lead.

Cleveland, O., April 3.—The execu-
tive board of the Amalgamated Win-
dow Glass Workers of America was in
session here Sunday counting the sec-
ond ballot in the vote for president of
the organization. A total of 4,613
votes was cast. No candidate received
the necessary majority of votes over
all, and a third vote will be taken.
The result of the third ballot will be
made known on the first Saturday in
May. The second ballot showed A. L.
Faulkner of Dunkirk, Ind., still in the
lead.

Hyde Makes His Point.

New York, April 3.—James Hazen
Hyde won a decisive victory in the
fight made against him by the rep-
resentatives of the opposing interest of
J. W. Alexander, when it was decided
to mutualize the Equitable Life Assur-
ance Society upon the lines suggested
by Mr. Hyde, namely, that the policy
holders be given representation in the
direction of the affairs of the company
at a ratio of 28 to 24.

There Will Be No Strike.

Philadelphia, April 3.—All danger
of a strike among the soft coal miners
in central Pennsylvania was averted
by an agreement reached by the rep-
resentatives of the coal operating com-
panies. The demand of the miners for
a continuance of the present wage
scale was granted for a period extend-
ing over one year from April 1. The
decision was reached very readily, it
is said.

St. Petersburg, April 3.—The trial
of Maxim Gorky on the charge of draw-
ing up proclamations with the object
of overthrowing the existing state
affairs in the empire and disturbing
public order, has been postponed until
May 16.

Indictments Seem Likely.

Chicago, April 3.—Well authenti-
cated reports that the federal grand jury
which is investigating the business
methods of the meat packers will re-
turn indictments when it reconvenes

PRESIDENT STARTS

Long Outing For Nation's
Chief Executive Has
Begun.

ROUGH RIDERS REUNION

This is the Prime Objective of the
President's Trip With Big Hunt
as a Side Issue.

The First Stop on the Journey Will
Be Made at Louisville, Ky.,
Tomorrow.

Washington, April 3.—President
Roosevelt left here this morning at
9 o'clock over the Pennsylvania rail-
road on a long trip to the West and
Southwest and will be absent from the
capital for nearly two months. One of
the chief objects of the trip, which
the president long has had in mind, is
the reunion of the Rough Rider regim-
ent of the Spanish war which is to
take place at San Antonio, Tex., next
Friday, and for which an elaborate
program of exercises has been ar-
ranged. There will be several brief
stops, where the president will make
addresses on the way to San Antonio.
After leaving San Antonio there will
be a brief stop and address at Fort
Worth, which will end the public part
of the trip, after which the president
is to go hunting in the Panhandle of
Texas and later in Colorado. All ar-
rangements have been made whereby
the president will keep in touch with
public affairs both during his railroad
ride and while hunting, so that he will
be enabled to pass on all matters re-
quiring his attention. He has been
looking forward with keen pleasure to
his long vacation.

The president will be accompanied
by Secretary Loebe, Dr. Alex. Lambert,
General S. M. B. Young, Lieutenant G.
R. Fortescue, M. C. Latta and J. L.
McGrew, stenographers and representa-
tives of newspapers and press associa-
tions.

The first stop will be made at Louis-
ville, Ky., at 9 o'clock Tuesday morn-
ing. The president and party will pass
in procession through the city and the
president will make an address. The
train will leave Louisville at 11 o'clock,
pass through St. Louis at 8 p. m., and
at that point take the Missouri, Kan-
sas & Texas road for San Antonio. A
few stops will be made in Indian Ter-
ritory on Wednesday. At Sherman,
Tex., where the party will arrive at 4
p. m., the president will leave the
train, drive to the public square, and
make a brief address. Dallas will be
reached at 6:30 p. m., and after a pub-
lic address the president will attend a
dinner.

The next stop will be at Waco on
Thursday, April 6, at 9:30 a. m. The
president will speak briefly at Waco.
He will reach Austin at 2 o'clock
Thursday afternoon, address the joint
session of the legislature at the capitol,
and later speak to the public on the
lawn of the capitol.

The train will reach San Antonio
at 8:30 p. m., Thursday, but there will
be no public program until the follow-
ing morning. The object of the pres-
ident in visiting San Antonio is to at-
tend the reunion of his regiment. Ex-
ercises have been arranged which will
fill the entire day, including a review
of the regular troops at Fort Sam
Houston, a procession in which the
Grand Army and Confederate Veter-
ans will take part, luncheon at the
Rough Riders' camp, and a dinner by
the business men's club at Hotel Men-
ger. The president will leave at 11
p. m. for Fort Worth, arriving there
the next morning at 9:45 and leaving
at 10:45. The program for Fort Worth
will consist of a drive and an address.
At Fort Worth the public part of the
trip will end. The president will
spend some days hunting in the Pan-
handle of Texas and will then go to
Colorado for a hunt of some weeks'
duration. No plans have yet been
made for the return trip to Washing-
ton.

A CIVILIAN WELCOME

Military Features Will Be Eliminated
at Louisville.

Louisville, Ky., April 3.—Louisville's
welcome to President Roosevelt Tues-
day will be purely a civilian affair.
The local committee, headed by the
Hon. Logan C. Murray, considered
carefully the matter of giving the pres-
ident a befitting reception, but decided
that owing to the short time the execu-
tive will be in the city that it were
better to make his short stay not only
a typical Kentucky welcome, but a re-
ception representative of both North
and South in a state bordering as it
does both sections of the country. The
military feature therefore has been
eliminated and beyond one camp of
Confederate Veterans, the two posts of
Grand Army men, the Spanish War
Veterans association and representa-
tives of the Loyal Legion, the procession
which will escort the president
during his three hour stay in the city
will be composed of representative
citizens of Louisville, men of the
North and of the South and a few in-
vited guests from the state at large.
Before the president takes his de-
parture he will be presented with three
gifts intended as souvenirs of his visit,
but nevertheless of a historical char-
acter. One is a silver flagon filled with
water from the spring on the farm in

Larue county on which Abraham Lin-
coln was born. On the flagon is a
monogram comprising the letters "T.
R." Another piece is a large silver
vase on which is engraved "Louisville,
Ky., April 4, 1905." The third gift is
a unique piece in the shape of an
inkstand. It was made from an oak
tree which grew near the spring on
the old Lincoln homestead. The ink-
holder is of silver sunk into the wood.

A BOLD MISSION

Scouts Perform One of the Most Dar-
ing Exploits of the War.

With General Kuroki's Army in the
Field, April 3, via Fusan.—Two detach-
ments of Japanese cavalry have re-
turned to the army after the most ex-
tensive and dangerous scouting exploit
of the war. The detachments were
sent north early in January under the
leadership of Colonel Naganuma and
Major Sasagawa, and numbered each
150 men. Only 100 men of each de-
tachment returned. They explored the
Russian positions west of Mukden.
They encountered and eluded many
forces of Russian cavalry and pene-
trated General Mischenko's line.
Then, going northward, they crossed
the railroad, cutting the road and the
telegraph line during the battle. After-
ward they visited Kirin and explored
that place and finally returned to the
army north of Kaiyuan.

A Bourse Rumor.

St. Petersburg, April 3.—According
to the peace reports circulated on the
bourse Russia will cede the southern
portion of the Island of Sakhalin in
the north Pacific off the east coast of
Asia, used as a Russian convict set-
tlement, to Japan, and agree that Man-
churia and Korea are permanently out-
side the Russian sphere of influence,
and the Eastern Chinese railroad will
be turned over to Japan for cession to
China or to an international syndicate
under a consideration of \$125,000,000,
which Japan will accept in lieu of in-
demnities.

Headed for Vladivostok.

Gunshu Pass, April 3.—Native re-
ports which may be taken for what
they are worth state that the Japanese
are leaving before the Russian front
only a screen capable, with the help
of the Mukden and Tie Pass fortifi-
cations and garrisons, of holding in
check General Linevitch, and are
transferring the bulk of their five
armies to Vladivostok and, by means
of a wide movement through Mongolia,
to Tsitsihar.

From Army Headquarters.

Tokio, April 3.—The following offi-
cial advices have been received from
army headquarters in Manchuria:
"Our scouts advanced toward Hailung
and collided with 300 of the enemy's
cavalry at Shanchengzu, thirty miles
southwest of Seiling, on the morning
of March 28. The enemy, 4,911 men
strong, retreated to Hailung, leaving
2,000 troopers. The situation is un-
changed in the Changchun and Kirin
directions."

Troops Fired Into Crowd.

Warsaw, April 3.—A serious conflict
occurred at 7:30 o'clock Sunday in
Dzika street, where a Jewish Socialist
society, known as the Bund, had or-
ganized a demonstration. The troops
which came to disperse the gathering
fired into the crowd, killing four per-
sons and wounding nine others.

Don't Expect to Return.

Tokio, April 3.—Reports from Man-
churia show that the Russians are de-
stroying the railway much more thor-
oughly than hitherto. The evident in-
ference is that they do not contem-
plate recovering the situation.

Situation at Front Unchanged.

Gunshu Pass, April 3.—The situation
here is unchanged. General Mischen-
ko has moved forward into close touch
with the Japanese and keeps up con-
stant skirmishing. Elsewhere every-
thing is quiet.

Loan Was Oversubscribed.

St. Petersburg, April 3.—It is an-
nounced that the internal loan has
been so largely subscribed that appli-
cants will be allotted only 40 per cent
of the amounts asked for.

You go bumping into people all the
time who could be useful and helpful
to you—who may want to buy some-
thing you have to sell, or who have
something to sell that you need badly,
but not being a mind reader you don't
know this. If these people are worth
finding you must give the job to a
"Want Adlet" in the Daily Republic-
an, assured that they can be found.
A "Want Adlet" will find them.

Cures
and
Prevents
Disease

The cause of ninety per cent of all disease
is a faulty digestive and drainage system—the
stomach, liver, kidneys and bowels. Let one
of these organs become clogged or inopera-
tive, there remains in the system many po-
isons that will, in time, breed disease, difficult
to correct. One should never allow even a
temporary stoppage of any one of these or-
gans—they should be kept constantly in per-
fect working order.

SEVEN
BARKS

Is positively the ideal corrective of all internal
ailments. It is not a patent medicine,
but an honest, vegetable preparation, extracted
from the bark of a species of the Hydrang
plant. Its curative properties are numerous.
It is a mild cathartic—an alternative—diuretic,
soothing, healing and tonic. An occasional
dose will keep the whole system in per-
fect condition and will act as a safeguard against
disease.
Seven Barks has been on the American
market for over thirty-five years. Its distribu-
tors have reams of high-praising letters from peo-
ple in every walk of life. Thousands of fami-
lies are never without a bottle. The oldest
friends are our best.

Test it for Yourself
Ask your druggist for a 50-cent bottle, and if
it does not do all that is claimed, take the
empty or partly consumed bottle back and get
your money. One New York City druggist
sold 729 bottles on this basis before one dis-
satisfied purchaser asked for the return of his
money.

COUNTY NEWS

Glenwood.

There has never been so remarkable a March in the experience of the oldest citizens of our community.

Mr. S. T. McConnell who is living on J. S. White's farm, west of town, is doing the nicest and best job of plowing of any one on the Rushville pike.

The M. E. Sunday school is increasing in members and interest. We hope the good work will continue.

Frank Johnson is moving back to the old stamping ground.

Wm. Vandivier went to Greensburg on business last Saturday. He will return this week.

A young man of our town who had been to see his lady love one night last week, after returning heard a noise about one of the out buildings which caused him to think that there might be a man about. He ran out with his revolver in hand, but found nothing but a cat that was chased there by a neighbor's dog.

The high school closes Wednesday with a dialogue. The intermediate and primary rooms closed on last Friday. The same teachers will probably be here next year as there seems to be no serious objection to any of them.

Mr. Lee Link has completed his summer kitchen. It makes quite an improvement to the property.

John W. Young reports the purchase of 500 dozen eggs last week. That is very good, Mr. Young. Come again.

Mr. Claude Walton was home from Hamilton, O. last Sabbath. All of the boys think there is no place like home.

The farmers are very busy now turning over the soil preparatory to planting.

Quite a number of our citizens have received their quota of garden seeds from the department at Washington, D. C. Many thanks to our popular "Jim."

Mr. Oliver Mingle went South on last Sabbath. It is supposed that he is looking for a better half. (We wish him success.)

Trustee Mapes was in the city settling with the lady teachers of the township.

Farmington school closes on Tuesday, April 4th.

Prof. Orlando Randall, principal at Ging school received injuries while playing with his pupils which did not seem to be so serious at the start as has proved to be. He is able to teach now.

Everet Doughty, of Anderson, made a short visit to his old home town.

(From another Correspondent.)

Mrs. Gertie Reese, of Morristown, is visiting her parents, Mr. and Mrs. Robert E. Pvk.

Mrs. Ida Shortridge and her three daughters spent Sunday with Mrs. Shortridge's parents Mr. and Mrs. Robert Doras.

Mr. and Mrs. Orville Beaver spent Sunday with Mrs. Mary Stephens.

The high school will close on Wednesday with appropriate exercises.

Roy Rich and family spent Sunday with Frank Hires and wife.

Miss Clara Dora came home Saturday evening after a week's visit at Connersville.

Mrs. Cattie Fisher, of Raleigh, spent Sunday with James Redman and family. Her sister Miss Altha accompanied her home.

Andersonville.

The coming of the most beautiful time of the year is at hand, when every tree will put forth her beautiful color and every rose bush will be filled with those beautiful flowers that the boys sometimes wear upon their coats when they go out on Sunday evening; of course an old bachelor or a fox chaser would not wear one.

Wilbur Miller and wife spent a part of last week visiting A. J. Shriner and wife, of Brookville.

The farmers are having some difficulty in plowing those corn stalks under, that they should have broken last winter but it was too cold, not too hot.

A. J. Shriner, of Brookville, visited old friends here last week.

Theo Walker was at Laurel Monday on business.

Joe Barber and John Hoffman spent Saturday with old friends at Laurel.

A. J. Ross made a trip to our county seat on business Tuesday.

Eleven teams came through here Thursday evening with the oil well digging outfit, which will be put in operation as soon as possible.

Two cases of measles are reported by Dr. Bert Coffee. The parties are William Ailes and daughter Clara.

Mr. Jones, who is traveling for the Whitmer Medicine company, of Seymour, Ind., was through Wednesday.

The people of this neighborhood had some experience in fighting fire during last week.

Dave Higgins and wife, of Clarksburg, visited old friends here Sunday. Samuel Rogers and wife visited the former's father at Buena Sunday.

James Barnard and wife were visiting Jonah Barnes and wife, near Laurel Sunday.

Charley French attended Red Men lodge here Saturday night.

Rev. Moody Shaw preached at the U. B. church here one evening last week.

Mart Bohannon and family have moved from here to a house on Jim Martin's farm, west of here.

John Krug is reported very sick by Dr. Metcalf at James Hedrick's.

Atwell Cartmel is not expected to live any length of time.

Lon Masters was in town Saturday on business.

Mat James and wife visited Guy Kelso and wife Thursday.

Tom Bever, of New Salem, was here the first of the week.

LODGE NOTES

The New Castle Masonic lodge Thursday night initiated fourteen candidates, some of them coming from Cambridge City.

Grand Master Farrer, I. O. O. F. will be present at the corner stone laying of the new temple at Greensburg. The ceremony will occur about a month hence.

Columbus is to have a K. of P. Castle hall which will cost, it is estimated, \$18,000, without the heating plant. Bids for the erection of the building will be advertised for next week. Ground will be broken the latter part of the month and the structure will be ready for occupancy the coming winter.

BASE BALL

The Shelbyville base ball team, under the management of Frank Gray will open the season with the Indianapolis Colts at the new base ball park in West Washington street at Indianapolis on April 9th.

New Castle Democrat: Tommy Ritter, a local ball player of considerable ability, has signed for the season with Greenfield. Ritter was with the Greenfield team for a time last season and the team this season promises to be a fast one.

Charles Pruitt, Rushville's former pitcher is now pitching for Waco, Texas, in the Texas State League. One day last week he pitched four innings against the St. Louis Nationals League club, which is practicing there, and held them down to two hits. At bat he secured two hits.

Franklin Republican: John Duggan has decided to join the Vincennes base ball team and not remain in Franklin this year. This decision was reached after a substantial increase in wages was guaranteed by the Vincennes team management. Franklin fans had been making strenuous efforts to keep Duggan here, but were unable to hold him. He will leave about April 1st for Vincennes, where he will join for early practice.

An Entertainment for the Aid Society.

Last Thursday from 2 till 5 p. m. the members of the Sells' Chapel Aid Society were entertained by Mesdames Mat Hodge, Gertrude Cassidy and Mat Cassidy at the latter's home. All the members were present, but two, who were kept away on account of sickness. There were also several invited guests present.

The first part of the afternoon was spent in conversation, music and a "floral puzzle" contest. The lucky contestants for the first prize, a geranium in full bloom, were Rebecca Johnson and Lura Gates. Only one prize and the two winners made it necessary to decide who should gain the prize by drawing straws. Mrs. Gates was the lucky one. The booby prize was won by Mrs. Fay Fletcher.

Florence Morrison and Gertrude Cassidy sang "The Picture of Home Sweet Home," as given in the Ladies Home Journal, accompanied by the guitar. Last, but not least, was the two course luncheon served in the dining room, which was beautifully and tastefully decorated with pot flowers, carnations and the society's colors, pink and white.

The color scheme was also carried out in the refreshments which were very dainty and palatable. Carnations were favors. All departed feeling an enjoyable afternoon had been spent.

The government of New South Wales has sanctioned the erection of two State institutions for the treatment of inebriates without means.

HORSE NOTES

(Western Horseman.)

Pearson D. Smith, of St. Edwards, Neb., has a very choice young stallion in Rushville, Jr., by Rushville, son of Blue Bull. While Rushville was an uncommonly good individual, this son is superior in nearly every respect, though the same color and much the same conformation. Rushville Jr., worked a mile last season in 2:24, several half miles in 1:08, and is thought to be a most likely speed prospect. Rushville 3303, probably the handsomest and most stylish son of Blue Bull 57, was owned by Mr. P. D. Smith for many years, siring during that time numerous high-class foals.

William Dagler, the well-known trotting horse breeder, dealer and campaigner of Rushville, Ind., remarked while in this office the other day: "I have been in the trotting horse business pretty much all my life, but I never knew the business, in all of its bearings, to be near as good as it is now. Why, I am on the go pretty much all the time, and buy every good horse I see, but I could sell a dozen good horses where I have only one to sell. The business is good with everyone, even the amateur and pastime breeders finding ready market for any and every desirable horse they can produce—and it does not have to be a race horse either. I really wonder what does become of all the horses which go East, but they keep on going and at higher and higher prices." Virtually the same thing is said to us day after day by active operators in the horse trade, and not one can see any indications of an approaching end to these conditions.

Colds

It should be borne in mind that every cold weakens the lungs, lowers the vitality and prepares the system for the more serious diseases, among which are the two greatest destroyers of human life, pneumonia and consumption.

Chamberlain's Cough Remedy

has won its great popularity by its prompt cures of this most common ailment. It aids expectoration, relieves the lungs and opens the secretions, effecting a speedy and permanent cure. It counteracts any tendency toward pneumonia.
